

August 5, 2008

Dear: Dr. Foland, Dr. Laubach

I would like to take this time to thank you both for the help you have given me concerning my back injury. This is especially true when I experienced severe pain in the beginning of June.

Your treatment during that period made a difference and especially your generous contribution of the decompression machine. I have told many people about the relief I have received since being under your care, in fact one of my friends in Florida was thinking of coming up to see you.

I must also add that your staff is top notch. They carry out their responsibilities with the utmost professionalism.

Again I thank you both for the great experience and treatment I have received from your practice.

One Grateful Patient,
